CARNIVAL series is inspired from the iconic "kit-kat" shaped fingers where this size gained its popularity. They have a linear style of smaller vertical glazed mosaics and a pared-back look which is simple and streamlined but eminently appealing.

Let your bathroom serve as a soothing sanctuary to enjoy every day with soft, calming hues – using these green mosaic tiles for backsplash and showers. Teamed with gold and wooden accents, you will have a tranquil bathing space.

Inspired from subway tiles to tiles even smaller, elongated and thinner shaped tiles called "kit-kat" or "finger" tiles. Our architecturally crafted Japanese inspired feature tiles are great for small shower niches to statement feature walls, giving any bathroom design the perfect visual centrepiece of the home.

This series is perfect for adding colours into intimate spaces to adding that extra touch of personality with lively blues, emerald greens and terracotta colour tones among many other.
